#### Our Mission:

Suffield Community Aid (SCA) - *your local safety net*. SCA provides supportive health and social services that positively affect the well-being of Suffield residents during periods of need.

#### Brief Background:

SCA is a private, non-profit 501(c)3 social service agency. Incorporated in 1903, SCA is there for Suffield residents to make the tough times easier. Since our beginning, we have strived to enhance the full potential of all residents, and thereby, improve the overall quality of life in our community. Since 2003, the Town of Suffield has contracted with SCA to administer social services for its citizens. The current contract extends this partnership through June 30, 2027.

#### Our Focus:

Serving as a safety net for residents experiencing financial and other challenges, residents reach out to SCA when they don't know where else to turn. Whether you've lost a job, suffered a health crisis, required help caring for an aging parent, or experienced some type of financial hardship, *SCA is here to offer the resources and support that community members require to move forward in their lives.*

Through individualized consultations, the SCA team helps residents achieve self-sufficiency, preserve economic well-being, and adjust to difficult circumstances and events in their lives. By combining our ability to offer immediate relief programs with other government and private resources, we are able to maximize eligibilities and alleviate hardships to promote better overall individual and family functioning.

This year allowed for some semblance of normalcy as Suffield Community Aid resumed several pre-pandemic programs to allow for more in-person supports and services to best serve our residents. As evidenced by the data above, we saw a significant increase in our Meals-on-Wheels program thus our volunteers continued to play a critically important role to ensure that our recipients were met with a smile and hot meal each day. We see our mission in action everyday thanks to the dedication and commitment of our altruistic volunteers, team, Board of Directors, and donors. We're so grateful for the outpouring of kindness, generosity, and support of our mission by the Suffield community.
